Vern,
I cut through and discussed with Davor and Mike Mack. I hadn't realized but this would not be a promotion for [REDACTED] and there are also other possibilities for him.

We can go ahead with [REDACTED] if that's your final recommendation but let's get the package done and approved before announcing. I feel we don't have to make [REDACTED] SMG initially (although the role is) like we did with [REDACTED]. In [REDACTED] case though we now need to give him the SMG C level (soon to be grade 8) and I got that agreed with the SEC.

Why don't you outline for me in email or hand drawn chart if you prefer, the overall changes we discussed over dinner then I can get them all agreed at once.

(By the way, MM does have some preconceptions on [REDACTED]; I need to talk it through with him)
John

I have not contacted [REDACTED] yet - let me know what the resolution is when you have it confirmed.

Thanks,

-Vern

Don't contact [REDACTED] if not done. I think I've resolved it John
